Homeschool High School Biology - Apologia

"The revelations of modern biology make a remarkable human and scientific story, and it has never been told better than in Horace Freeland Judson's *The Eighth Day of Creation*EL. What is especially fortunate is that he is a graceful writer with a keen sense of the human as well as the scientific dramaEL.

Mendel's experiments extended beyond the F 2 generation to the F 3 generation, F 4 generation, and so on, but it was the ratio of characteristics in the P, F 1, and F 2 generations that were the most intriguing and became the basis of Mendel's postulates. Figure 8.3 Mendel's process for performing crosses included examining flower color.

Biology Questions and Answers Form 4 - High School Biology ...

Morphology, in biology, the study of the size, shape, and structure of animals, plants, and microorganisms and of the relationships of their constituent parts. The term refers to the general aspects of biological form and arrangement of the parts of a plant or an animal.

morphology | Definition & Examples | Britannica

The purpose of the Student Notebook is to guide your student toward becoming more structured, logical, factual, and most importantly, independent!. The first step toward independence is knowing what to do and when to do it. The modules of our middle school physical science textbook have been broken down in the student notebook into daily lesson plans for your student to follow.
