The Modern Scholar: Cold War: On the Brink of Apocalypse ...

For the West, and for the most part, 12 of the past 15 years can fairly be described as an interwar period. That brief no-name era, usually referred to neutrally as the post-Cold War period, came to an explosive end on 11 September 2001. The shake-down years following more than four decades of Cold War were bound to be confusing and disorienting.
